Make Mealtimes Memorable with Tavola

Our Back to School collection is carefully selected from leading brands - featuring high-quality, functional lunch gear that is easy to open, smartly compartmentalized, and meets all food safety standards - because lunchtime should be just as joyful as the rest of their day.

TIPS TO PACK THE PERFECT LUNCH!

BALANCED & NUTRITIOUS

- Include a mix of proteins, carbohydrates, fruits, vegetables, and nuts.
- Cook food thoroughly for safety and flavor.

FRESH & CLEAN

- Always use fresh Ingredients.
- Dry salad leaves and fruits well, as moisture can invite bacteria.
- Pack sauces & dressings in containers to avoid sogginess.
- Clean gaskets after every use to keep lunch boxes hygienic.

KEEP IT COOL AND HOT

- Use thermal jars for hot foods. Preheat jar with hot water before placing food.
- Place ice packs on top to keep cold foods fresh, as cold travels down.

OMIE

OmieBox

It all started with one mom trying to help her son, who missed warm lunches and struggled with using containers at preschool. Nancy, the founder, created a smart, all-in-one lunchbox that keeps food warm or cold and is easy for kids to use. What began as a fix for her own family now helps thousands enjoy easier, happier lunches everyday.
