FONDUE

Made for entertaining, this retro 70's throwback is the ultimate entertaining tool. Swissmar is the leader for this Swiss tradition, offering the widest assortment of Fondues on the market. Whether you choose Cheese, Oil/Broth or Chocolate Fondue, guests will rave about the experience.

This simple traditional meal allows guests to prepare their own feast and enjoy conversation and fun at the same time. While cheese fondue is the most widely known, meat and chocolate fondue are just as traditional, making a fun evening with friends and family unique and memorable. Our Swissmar Fondue collection allows for a diverse and exceptional culinary experience to enjoy and share with company.

METALLIC FONDUE

Swissmar offers metallic fondue sets in cast aluminum, stainless steel and copper plated stainless steel which are ideal for an oil/broth fondue. Suited for cooking at high temperatures, the oil/broth is often pre-heated directly in the fondue pot on the stovetop and then carefully transferred to the rechaud base. With an oil/broth fondue it is important to use the splatter guard to prevent hot oil splatters.

TIP:

The cooking oil should be heated in the metal fondue pot on top of the kitchen stove. The optimum temperature for frying the meat is 375°F, although it can be cooked properly down to 360°F. A deep-frying thermometer is an essential tool for telling when the oil has reached the frying temperature.

CAST IRON FONDUE

Swissmar Cast Iron Fondues offer the utmost in versatility. In addition to their décor savvy color pallet, they are ideal for oil/ broth, cheese AND chocolate fondue. Cast iron pots provide even heat distribution, making them ideal for cooking at both high and low temperatures – without hot spots.

And don't forget, your cast iron pot can also be used on other heat sources, like in the oven for example.

The Lugano cast iron pot is shaped like a Swiss caquelon, making it perfect for cheese fondue. The wide bottom helps to evenly distribute the heat.

Fun Fact:

The thin layer of crusty cheese that often remains once the fondue is eaten is called La Religieuse, or the "nun" and serves as a final treat.

CERAMIC FONDUE

Swissmar Ceramic Fondues are best suited for cheese fondue. Combine the smooth heat conductivity of the ceramic, with the Swiss caquelon shape, and you are sure to have an amazing cheese fondue experience. Control the flame and a traditional fondue of Emmenthal and Gruyere cheeses, or any cheese, is less likely to burn in a ceramic pot.

Fun Fact:

Amusing Fondue traditions are abundant. One such tradition, if a lady lost her bread in the cheese while swirling it, she had to kiss every gentleman present.

All cheese fondue sets include: pot, 6 forks, rechaud, fondue burner and recipe card. See page 13/14 for accessories.

3-IN-1 FONDUE

These multi-purpose fondues have a ceramic insert that acts as a double boiler, so you can use one fondue for 3 different types of fondue - OIL/BROTH, CHEESE AND CHOCOLATE. Oil/Broth Fondue - Simply remove the white ceramic bowl, put the spatter guard in place and you're ready for a meat fondue! Cheese and Chocolate Fondue - For cheese and chocolate fondue add water in the fondue pot, put the white ceramic bowl in place and you are ready to go!

All 3 in 1 fondue sets include stainless steel/copper pot, ceramic insert, 6 forks, rechaud, spatter ring, fondue burner and recipe cards. See page 13/14 for accessories.

ENTERTAINING FOR ALL SEASONS

The cocooning/stay at home effect has brought on a resurgence in popularity of Fondue and Raclette. As home cooks look for new and creative mealtime ideas, Fondue and Raclette have moved from being strong Q4 and holiday traditions, brought out for special occasions, to an everyday mainstay. We are now witnessing increased year round sales with many consumers adopting it for everyday mealtime use throughout the year, both indoors and outdoors.

CHOCOLATE FONDUE

Chocolate fondue was created by a Swiss Chef living in New York in the 1960s, and is the perfect way to stir up a dinner party. It is practically effortless to prepare and your guests can participate and enjoy a fun and delicious chocolate dessert at a relaxed pace.

TIP: Chocolate should be melted in the top of a double boiler, over gently simmering water, never over direct heat. You can also microwave it, uncovered, on medium, stirring frequently. If you are using cream, ensure that it is warm when adding it to the chocolate. If the chocolate clumps together, try stirring in unsalted butter or vegetable oil one teaspoon at a time, until the chocolate becomes smooth again.

Fun Fact:

Sometime after World War II, Swiss cooks began cooking meat in hot oil as an alternative to their beloved cheese fondue — a kind of French-fried meat supper. It became known as fondue Bourguignonne because the French-speaking Swiss are descended from the Burgundians.

A SWISS TRADITION

Originating in Switzerland, raclette (the dish), is one of Switzerland's best-loved national fares. Its origin dates back hundreds of years, to when shepherds (Swiss cowboys) would move their herds high into the mountains for grazing in the warm summer months. Supplies would be limited to what could be carried and consisted of basics, such as potatoes, flour, perhaps some pickled gherkins, a round of cheese produced from the milk of their beloved cows, and of course, a good Swiss wine. Long, lonely evenings were passed in front of a campfire, and a simple and primitive tradition was born: A wheel of cheese was cut in half and placed on a rock near the fire's edge. The cheese slowly bubbled and just before dripping into the fire, the wheel was lifted from its perch and scraped onto a waiting plate of potatoes and pickles - the word "Raclette" comes from the French word "racler" meaning "to scrape off". From these humble origins, the Raclette tradition was born.

CHEESE KNIVES

Entertaining with cheese! Imagine an assortment of ripe and delicious cheeses presented on a beautiful slate board, paired with cheese knives specifically designed for cutting and serving cheese...that's true Swissmar style.

Chef's Tip – Serving Cheese

When putting together a cheese board, to be served before or after dinner, remember to limit your selection to no more than five different cheeses. Serve cheeses of different sizes, shapes, and flavor or texture profiles to create diversity and add interest to your cheese board. Strong, pungent cheeses shouldn't be placed next to delicately flavored cheeses, and try to have individual knives for each cheese.

SLATE BOARDS

In addition to their natural beauty, slate boards are possibly the best choice for serving.

- ✓ Non-porous which means they do not absorb flavors or smells from the surrounding environment
- ✓ Easy to maintain, since it doesn't absorb fats or bacteria from food or cheese on it's surface
- ✓ To clean: a standard rub and scrub is all that is needed, while a few dabs of food safe mineral oil will help bring out a nice shine and lustre
- ✓ Also make a great trivet

SWISSMAR IS MILLS...

Through close cooperation with retailers on all levels and ongoing involvement in design and improvement of products, we have gained extensive knowledge of the market and the mill/spice category as a whole. SWISSMAR is now using all its experience in combination with new materials, processes and innovation to produce high quality mills.

Kitchen Function

Whether a seasoned professional, an aspiring home cook or a beginner with recipe in hand, the right kitchen tools make all the difference to any chef. A fully adjustable Salt or Pepper Mill allows for the right amount of perfectly ground salt and pepper to be added, at that optimal moment. A quality Mill will allow for a range of coarseness, with each setting producing a uniform grind. Choose your tools wisely as you spice up your Mill assortment!

Table Fashion

A well-dressed kitchen/dining table can bring any room to life. Style and elegance can be easily achieved with the right elements. Table dining is enhanced with the right décor and evokes a mood, from casual to formal dining. Beautiful mills with superior function are a necessity.

Just as jewelry completes fashion, so salt & pepper mills complete your tableware and express the host's taste. Swissmar Mills complement various styles, to suit any taste-maker. From casual acrylic, to exotic woods, mixed elements with granite, we have the mills to go along with any tableware. Whether classic, contemporary or modern farmhouse, Swissmar elevates every style and occasion.

CLASSIC COLLECTION

Design, Function and Versatility is what you can expect from the Classic Mill collection.

Design: Embrace the simple curved lines of the Andrea, Alice and Belle Mills. Wonder at the sleek contemporary lines of the Torre Mills. This collection has a mill to suit every style.

Function: Move from coarse to fine with a simple turn of the adjustment knob.

Versatility: Ceramic multi-purpose mechanism suitable for pepper, salt and dry herbs.

TORRE MILL

Distinctive design, with a hint of natural elegance is how to best describe this new Torre Mill. Genuine Italian olive wood, paired with granite top is sure to turn heads. Features a ceramic mechanism suitable for pepper, salt and dry herbs.

WHY CHOOSE A SALT KEEPER?

Our beautiful genuine Italian olive wood salt keepers certainly add a decorative touch to kitchen counters, but perhaps more importantly they ensure salt is accessible while cooking. There is no need to fiddle with a salt mill or shaker in the midst of the culinary process, simply open the lid and reach for a pinch. To prevent moisture from dampening the salt, be sure the lid is used.

Shucker Paddy

OYSTER GEAR

A collection of products designed exclusively in collaboration with Patrick McMurray BPHE, World Champion oyster shucker and Guinness Record Holder for 39 oysters opened in one minute.

The Shucker Paddy Original Oyster Knife is the result of three years experimentation and 50 prototypes. The knife's handle fits the palm like a pistol; a 3 inch notched stainless-steel blade is where the pistol's barrel would be, with sharpened edges top and bottom. Traditional oyster knives have only one axis, running straight down the blade, but the Shucker Paddy has two - one down the blade, the other down the angled pistol grip. That dual axis gives the knife a lot more leverage and less force required. The result, an Oyster Knife that will let you, Professional or at home, "Shuck with Ease".

Unique Design

The unique ergo-dynamic Dual Axis Pistol Grip design keeps the forearm in alignment with the blade for maximum transfer of power. Dual axis lever = less force to open oysters.

Safety

Integrated finger guard and non-slip handle offers superior protection when shucking. Light weight high-impact injection moulded non-slip PP handle provides highest in sanitary qualification.

Versatility

Ambidextrous – Suitable for left or right handed.

How to Shuck with Shucker Paddy:

Place Oyster cup-side down, exposing on the hinge. Hold the Oyster firmly so it does not move.

Insert the tip of the knife into the hinge of the oyster, with a slight twisting motion (like turning a key) - until the knife sets 1/4" into the hinge. Once the knife is set, a light 1/4 turn of the handle, will pop the hinge.

Pry the top shell up, and scrape the top adductor muscle - 2/3 of the way up from the hinge, on the right of the middle of the oyster – to release the top shell.

Locate the lower adductor muscle. Insert blade of knife under this muscle, and scrape loose from bottom shell.

Got left over wine? Preserve it with the Epivac vacuum pump!

This clever tool removes air from the bottle, preventing further fermentation and preserves your wine for days.

Preserving Wine

Remove air from the bottle, preventing further fermentation and preserve your wine for days.

1. Push pump valve to wine position (Dual function pumps only)
2. Securely place and completely insert wine stopper in bottle
3. Hold pump gently in stopper and with other hand, pump 10-15 times (stop pumping when firm resistance is felt)
4. Remove pump only and store bottle in an upright position
5. To release stopper, tilt valve stem inside stopper. Remove stopper from bottle and serve

Preserving Champagne

Pump air into the bottle, preventing the dissipation of the bubbles and preserve your champagne for days.

1. Pull pump valve to champagne position (Dual function pumps only)
2. Unscrew stopper from sleeve. Slide sleeve over neck of champagne bottle. Screw stopper into sleeve. Do not overtighten
3. Hold pump gently in stopper and with other hand, pump 10-15 times (stop pumping when firm resistance is felt)
4. Remove pump only and store bottle in an upright position
5. To release stopper, unscrew slowly.
